Who Reads HealthCare Business News?

With a circulation of over 32,000 healthcare providers, HealthCare Business News (HCB News) magazine reaches virtually every hospital and imaging center in the U.S. Our editorial team’s commitment to delivering fresh and intelligent articles to this unique demographic creates an ideal advertising environment for companies seeking exposure to medical software and equipment decision-makers.

HCB News is created by an award-winning team of writers, editors and graphic designers with a singular goal of informing and educating a sophisticated audience of healthcare stakeholders. Every issue contains comprehensive feature-length articles written by our own reporters, where important industry trends are brought to light through interviews with experts at the top of their field. In addition to our own articles, we work with some of the country’s most reputable reporters, where important industry trends are brought to light through interviews with experts at the top of their field. In addition to our own articles, we work with some of the country’s most reputable hospitals to publish exclusive thought leadership bylines from the industry’s most highly regarded and well-known luminaries.

An Audience at the Front Lines

Every issue of our magazine tackles a different theme from all angles (flip to page 11 for our Editorial Calendar) and brings invaluable insight to hospital professionals who count on us to help them make competitive decisions and stay informed. Our advertisers understand that HealthCare Business News provides exceptional access to key decision-makers on the front lines; hospital executives, administrators and department heads who oversee purchasing equipment, parts, software and selecting service partnerships. Plus, thanks to our annual BPA audits, our demographics and circulation statistics are numbers you can trust.

A Place For Disruptors

It’s a well-known fact that healthcare is poised for disruption. Increasingly, healthcare information technology (IT) has taken center stage as hospitals look for ways to improve efficiency without investing in costly new hardware. As our coverage of artificial intelligence and deep learning algorithms has increased, so too has our presence among CIOs, PACS administrators and HTM managers. Whether it’s cutting-edge academic research or a new tool entering the market, our publication is proud to fuel innovation by raising awareness of what’s possible.

The Cream of the Crop

What do Mayo Clinic, St. Jude, Mt. Sinai, Brigham & Women’s, Ochsner Health, Stanford Medical, Nicklaus Children’s, Children’s of Philadelphia, Baylor College of Medicine, Yale School of Medicine, Cincinnati Children’s, UCSF Medical Center, Moffitt Cancer Center, Intermountain Healthcare, Wexner Medical Center, Harvard Medical School, Cleveland Medical Center, Levine Cancer Institute and UT Southwestern all have in common?

Aside from being leading academic hospitals and health care institutions, they all employ providers and researchers who contributed to our editorial content in 2018.

Service Technicians’ Forum Advertising Options

The ad options available on this popular Forum are 1) Targeted Text Ads, 2) 180x150 Animated Display Banners and 3) Sponsored Forum Posts.

Targeted Text Ads are $75 to $100 per month depending on your categories. When users post about your service categories, your ad shows. These non-exclusive ads also show in the Virtual Trade Show and on any “Service” or “Company” search.

180x150 Animated Display Ads show on the website and in the Forum Digest Emails. Cost is $500 per month.

Sponsored Forum Posts cost $995 per post and can feature any product or service you want, the length is unlimited, and you can run a video and photos. A link to your Sponsored Post will appear within the daily Forum Digest emails for a period of one week.

We email more than 140,000 Forum Digests a week

More than 35,000 people are registered for the Service Technicians’ Forum, and we email 19,000 Forum Digests every day of the week, including weekends, and email 6,000 additional every Friday, which totals nearly 140,000 emails per week.

Your post will also appear on the Forum homepage for one month. The text in your Post will be picked up by major search engines. If you post about servicing Siemens CTs, chances are your post will show up within Google’s organic listing results when someone searches for Siemens CT service. The cost for each Sponsored Post is $995. It’s permanently archived, so weeks, months, even years later, customers can still find your posting when they search the web.

Sample Sponsored Forum Post

Your Forum Post can be as brief or extensive as you want. This one by Siemens entitled “Growth with Body MRI” is clean and simple, with a link back to their website. If you want, you can add a demo video, explanatory photos, or any graphic that helps you get your message across.
Online News Banners
Targeted Ads that generate sales

News Silos Offer Content-Relevant Placement
Our news is broken up into Silos. These are neat, compartmentalized drawers of information, organized by category for our online reader’s convenience. Let’s say they are only interested in MRI-related stories. They simply click the “MRI” button and are directed to all of our news stories that are MRI-related.

There are three online news pages where news banners show.

1. The News Homepage, rotates all Silo sponsor ads (Leaderboard and SkyScraper).
2. News Silo pages with category specific news. All Silo Sponsors (Leaderboard and SkyScraper) show on this page as well.
3. News Story page where all four banner options show: the 728 x 90 Silo Sponsor Leaderboard banner, the 160 x 600 Silo Sponsor SkyScraper, the 300 x 250 Display ad and the Targeted Text Ad.
